

# SAP CS PM Consultant

## Your tasks with us:

- Analysis, evaluation and realization of our customers' requirements in SAP implementation, enhancement or maintenance projects
- Active participation in SAP implementation, roll out and optimization projects with a module focus on SAP Customer Service and Plant Maintenance (EAM)
- Familiarization with the new SAP service solution, the successor to the previous solution in the Customer Service area
- Support and further development of the productive SAP applications as well as their adaptation to the company-specific requirements
- Contact person for the departments regarding change requests and incidents in the mentioned module environment
- Conducting workshops and training sessions for SAP CS/PM key users
- Familiarization with new technologies (e.g. Fiori Apps, VDM/CDS Views)

## What we want from you:

- Successfully completed studies in (business) informatics, business studies with personal affinity to IT or a comparable training
- At least 5 years of project experience in SAP CS/PM environment, ideally with integration knowledge to adjacent modules
- Knowledge of industrial sales and delivery processes
- Project experience in industrial companies
- First experience in SAP S/4HANA
- Good communication and teamworking skills
- Good knowledge of English, both written and spoken
- Independent, goal-oriented way of working
- The commitment and willingness for personal development and learning
